Comments:

Here to discuss Motion to Certify Class (ECF No. 68).

Court asks if are in the same situation here as Costello or is this a factually different circumstance.

Defendants present their argument. Feel does not need to follow Costello and that we have a different record here than in Costello.

Plaintiff presents their position. Not litigating merits of the case - are deciding whether notice should go out apprising people of rights that a claim was made.

Court needs to make sure opt in class is limited to similarly situated people.

Ms. Wilkerson (corporate counsel for Kohl's) clarifies how ASM bonuses work.

Defendants continue with their position.

Plaintiff responds.
